

**REMARKS**

Upon entry of this Amendment, claims 1-9 and 11-23 remain in the application. Claims 24-26 have been withdrawn, and claim 27 has been added.

The restriction requirement under 35 U.S.C. § 121 and 372 is traversed with regard to claims 11-18. These claims have been amended to depend from newly presented claim 27. Claim 27 includes the limitations of claim 1 and is directed to a temperature control system. It is submitted that the invention as set forth in claims 1-9, 11-23, and 27 comport with the requirements of Unity of Invention under PCT Rule 13.1.

For purposes of completeness of this response, Applicant elects prosecution of the claims of Group 1 claims 1-9 and 19-23 with traverse for reasons outlined above.

Respectfully submitted,

/Denise M. Glassmeyer/
